#### Responsibilities & Context

Eco-Social Development Organization (ESDO) started its journey in 1988 with a noble vision to stand in solidarity with the poor and marginalized. Being a peoples' centered organization, ESDO envisioned for a society which will be free from inequality and injustice, a society where no child will cry from hunger and no life will be ruined by poverty. Near about three decades of relentless efforts to make this happen, ESDO has embraced new grounds and opened up new horizons to help the disadvantaged and vulnerable people to bring meaningful and lasting changes in their lives. During this long span, ESDO has adapted with the changing situation and provided the most time-bound services especially for the poor and disadvantaged. A community focused and people centered approach has been adapted by ESDO while consideration was given to the national policy and Sustainable Development Goals (SDGs) as its guiding principle. ESDO is one of the most dynamic organizations expanding its development interventions across 377 upazilas under 52 districts of Bangladesh covering over 12 million poor and vulnerable people.

Eco-Social Development Organization (ESDO) is going to implement a sub-project titled Promoting Eco-Friendly Construction Materials through resource efficient and cleaner Production (RECP) practices as a part of the 'Sustainable Microenterprise and Resilient Transformation (SMART)' project. This sub-project aims to increase resource-efficient and resilient green growth of microenterprises (MEs) under Eco Friendly Constructions Materials (EFCM) sub-sector. The project is jointly financed by the World Bank, Palli Karma-Sahayak Foundation (PKSF), and Eco-Social Development Organization (ESDO). ESDO is inviting applications from interested qualified candidates for the position.

The employee will initially be hired for a one-year term, with the possibility of extending the contract till 30 June 2028, based on satisfactory performance

### **Sub-project Objectives**

- To develop entrepreneur and technical assistant on eco-friendly construction materials.
- To adopt resource efficient, cleaner production and good manufacturing practices.
- To adopt climate resilient technologies for reducing vulnerabilities.
- To increase technical knowledge and capacity of the MEs.
- To improve market accessibility of eco-friendly construction materials.
